

Paper Food Containers for Hot and Cold Storage Applications

Great for any service or storage need from hot to cold to frozen, for soups, sauces, ice cream, and a wide variety of carry out applications.

- Food containers are suitable from frozen to hot fill applications up to 190°F. Vented high heat plastic lids or vented paper lids are available.
- Paperboard food containers are made from a renewable resource and produced with Elemental Chlorine Free (ECF)

bleaching technology, and are biodegradable in composting facilities that accept poly lined paper containers.

- Microwaveable
- Materials: SBS &
